Restaurant Paging System

Turn Tables Faster, Generate More Revenue

Turn waiting guests into happy customers with GuestCall restaurant paging system. GuestCall notifies customers with a flash, beep or vibration the instant their table is ready. No need for long lines or noisy overhead systems. With GuestCall, you'll easily manage your guest flow and create a quieter, more inviting ambience.

GuestCall helps you be more profitable by increasing your table turns and sales. Lightweight, convenient, digital pagers free customers to visit the bar or nearby areas for a more relaxing experience. You can also choose from several pager models that best fit your budget. With GuestCall, your staff will deliver faster, smoother, more customer-friendly service.

GuestCall makes waiting a more enjoyable experience for customers.

GuestCall Highlights

- > **NEW Digital Coaster Pager***
Program pager numbers over the air in just seconds, freeing managers to manage the restaurant and not the paging system.
- > **Customer-Friendly Paging**
Turns tables faster, creates more peaceful atmosphere and increases sales.
- > **Anti-Theft Feature**
Minimizes pager loss with an out-of-range alert.
- > **Most Reliable Pagers**
Are made from high-quality parts for the best performance in the industry.
- > **User-Replaceable Batteries**
Battery replacement is easy and convenient, keeping the cost of ownership down.
- > **Smart Charging**
Dramatically extends the life of pager batteries without overcharging them.
- > **Unique System ID**
Prevents neighboring paging systems from interfering with communication in your restaurant.
- > **Flexible Integration**
GuestCall integrates with table management software systems.

*Available in UHF only
